Independent Auditors' Review Report on the Statement of Unaudited Standalone Financial Results

To
The Board of Directors
Ascend Telecom Infrastructure Private Limited
Sangeeta Towers, #3, 80 Feet Road, Indiranagar,
Bengaluru - 560038

- 1. We have reviewed the unaudited financial results of **Ascend Telecom Infrastructure Private Limited** (the "Company") for the quarter ended September 30, 2025 and the year to date results for the period April 1, 2025 to September 30, 2025, which are included in the accompanying 'Statement of Unaudited Standalone Financial Results for the Quarter and Half year ended September 30, 2025', the 'Statement of Unaudited Standalone Assets and Liabilities' as on that date and the 'Statement of Unaudited Standalone Cash Flows' for the half year ended on that date (the "Statement"). The Statement has been prepared by the Company pursuant to Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations"), which has been initialled by us for identification purposes.
- 2. This Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
- 4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the Statement has not been prepared in all material respects in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India and has not disclosed the information required to be disclosed in terms of Regulation 52 of the Listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement.
- 5. We draw attention to Note 8 of the Statement, which describes the material uncertainty related to going concern of one of its large customers. As explained in the Note, in case of loss of business from the said customer, there could be a material impact on the results of operations and amounts receivable (including unbilled revenue) of the Company. Our conclusion is not modified in respect of this matter.

- A large customer of the Company accounts for a significant part of the "revenue from operations" for the quarter and half year ended September 30, 2025, and trade receivables (including unbilled revenue) outstanding as of September 30, 2025.

The aforementioned customer said that its ability to settle its liability is dependent on reconsideration reassessment of AGR dues by the Department of Telecommunication (DoT), fund reassed brough equity and debt and generation of eath flow from its operations. Further it stated that, based on the current efforts, it believes that it would be able to get DoT support, successfully arrange funding and generate eathflow from operations.
